And What Have You

By BOB CRAIG

As someone who deals with the written word and whose very economic existence depends upon a reading public, it was with a great deal of satisfaction that we learned of the new "Right to Read" program being undertaken in our school system.

At one time I would probably have thought of this as being a bunch of nonsense because I, like so many people, thought that everyone who went to school just automatically learned to read. It was with a tremendous shock that we first learned that we had graduates who had attended 12 years of school and still could not read.

As a youngster I can recall that a number of the students in my class were slow readers but I was not aware of any not being able to read at all, or at least be such poor readers that they could justifiably be termed illiterate. But then compulsory education was not so much in force then and I suppose that those who could not read just dropped out. And then too I suspect that some who were thought to be just plain dumb just could not read.

It is hard to know why some people learn to read while others do not. In fact it is hard to know when or how most youngsters learned to read. We suspect that better readers probably come from a family of readers and at least pick up the desire to read from home.

With a father in the newspaper business and a mother who stayed up until the wee hours of the morning reading, it has just always been a part of my way of life to read. Strangely enough I learned to read, but never learned to spell.

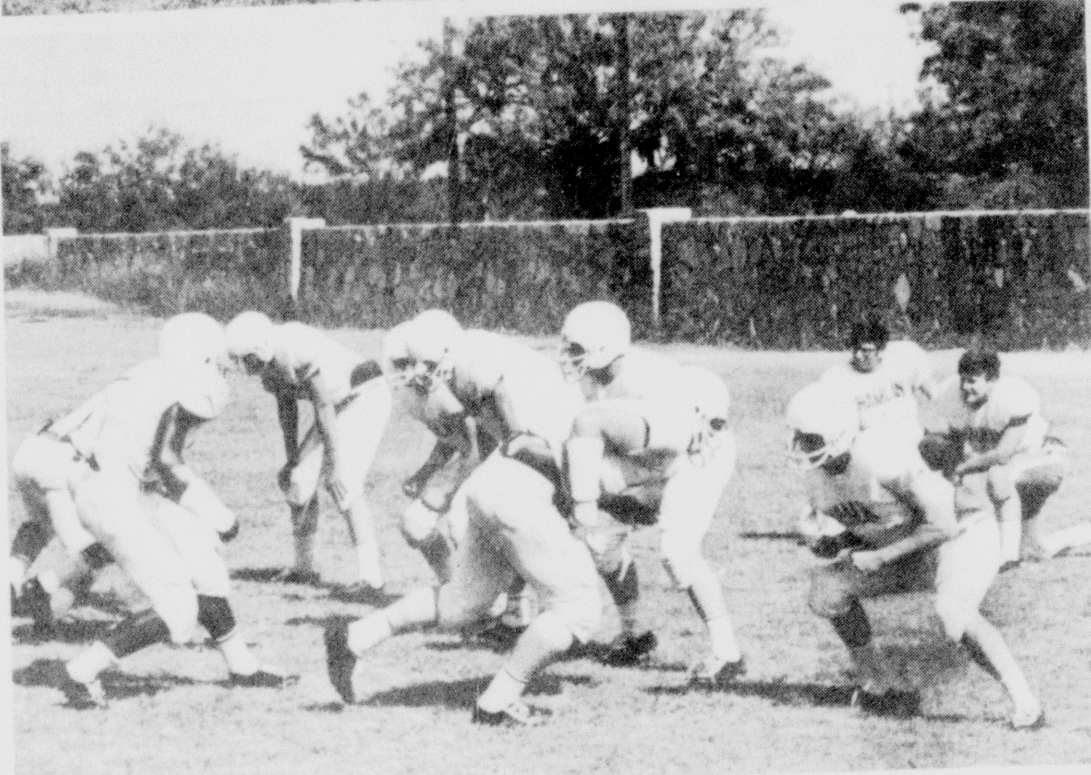

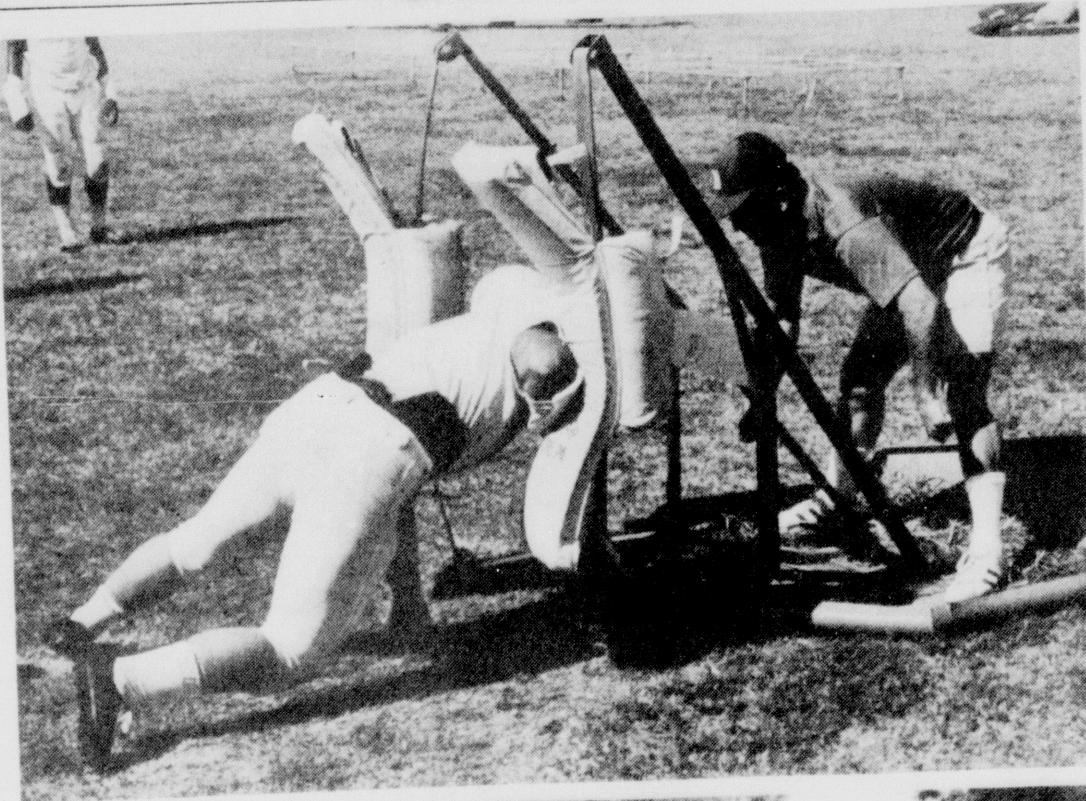

This new reading program is taking the direction that all of our educational system will probably eventually take—working with the individuals at their own levels rather than at just the group level.

If a person can read at the third grade level it doesn't make much difference whether they are in the first, third or sixth grade they can still only read at the third grade level and that is the level at which they must be worked. It would be nice and easy if all third grade students were at the same learning level, but this is not possible.

Most of your problem students are either those who are carried beyond their own level of ability or those who are held back way below their ability. In either case they become a problem either from bewilderment or boredom.

Can you imagine the frustration a youngster who cannot read must face when told to read two chapters in a

GETTING READY FOR SCRIMMAGE — Line coach Russell Market works with his tackles on the two-man sled in the upper picture as the Pipers prepare for their first scrimmage Friday evening. In the lower picture the linemen are working on their defensive assignments. The Pipers will travel to Seymour Friday evening to meet the Panthers with the freshmen scrimmaging at 6 p.m., the junior varsity at 7 p.m. and the varsity at 8 p.m. Pre-season polls pick the Panthers to come in third in their district, while the Pipers are picked to repeat as winners of District 6-AA.

Scarborough, Howard Named On Redistricting Committee

John Scarborough and John Howard Jr. were named by Bill Moore to represent Precinct 1 on the 13-member committee named to redraw the commissioner precinct lines in Jones County in an effort to comply with the U. S. Supreme Court ruling that all such precincts shall be composed of an equal number of people.

The committee will hold a public hearing in the District Courtroom in Anson Monday, Aug. 27, at 7:30 for the purpose of allowing citizens of the county to appear before the group to express their desires

as to redrawing the precinct lines.

Each of the four commissioners named two citizens from their precinct to serve with the commissioners on the committee. Commissioner Tom Boyd of Stamford named C. O. Richards of Stamford and Marshall Wyatt of Lueders; P. A. Lynn of Precinct 3 named Charley Hollis and Mack Doty; J. E. Touchstone of Precinct 4 named Earl McCalbe and Frank Carter.

The action on the part of the Commissioner's Court in naming this committee to

redraw the precinct lines was an outgrowth of a group of citizens from Stamford and Hamlin appearing before the Court last week seeking some form of redistricting.

The court first talked of naming one citizen from each precinct to serve with the court on the committee but then decided to name two to bring the panel up to 13 members, including County Judge Leon Thurman.

City to Try One-Way Streets At Elementary

The Hamlin City Council meeting in regular session here Monday evening agreed to designate two streets around the Elementary School as one-way streets for a limited trial period. The request for the action came from Larry Butler, elementary principal.

The one-way streets will be tried for 30 days and will become effective as soon as the city can secure the necessary street markers.

The two streets designated one-way by the council's action are Avenues D and E, between third and fifth streets. Avenue D will be one-way going north and Avenue E will be one-way going south.

The action was taken in an effort to alleviate the traffic problem that has existed for some time around the elementary schools in the mornings, at noon and in the evenings.

The council gave tentative approval to sell water to the Neinda Water Supply Corp.

which is being proposed to run water to about 15 customers in the Neinda area. Appearing before the council seeking the water were John Scarborough and Jackie Williams.

James E. Rodgers, local Certified Public Accountant, appeared before the council to give a report on the audit of the city's finances. The report covered the period from June 1, 1972 through April 30, 1973.

The audit report showed the city having a total revenue of

\$408,085.88 and total expenditures of \$406,378.68. Both the city's revenues and expenditures were over the budget, but for the most part this was due to \$35,389.00 in revenue sharing funds that were not in the budget for that period.

The report also showed that in the Waterworks Revenue Fund, the city received \$132,936.33 in revenue and had expenditures of \$125,567.60.

School Enrollment Here Is Up 73 Over Last Year

An increase of 73 students over last year is reflected in the first day enrollment figure for Hamlin Public Schools, according to Superintendent Bob Hawes.

A total of 845 students were enrolled on opening day Mon-

day but maximum enrollment is expected after the Labor Day holiday, he said.

Most of the growth is because of the expanded kindergarten program. Forty-six more students are in kindergarten this year.

Enrollment in kindergarten through fifth grade is 399, an increase of 97 over last year.

In Junior High School a decrease of six is shown in the opening enrollment of 204.

High school figures show a decrease of 18 in the 242 total.

Principal B. V. Newberry said that school opening Monday went very smoothly and students are getting into the routine without apparent difficulty.

The new schedule for high school includes six one hour class periods and no formal study halls. Lunch time at high school is from 11:40 a.m. to 12:20 p.m.

Six Members Named On HECE Council

Six local citizens have been selected to serve in an advisory capacity to the Homemaking program for the current school year at Hamlin High School. Three members from the 1972 Council will also serve.

Named to the Advisory Council were Bob Hawes, Superintendent of Schools; Mrs. Robert Fowler, co-owner of Mar-Jo's Anti-Q's and Merle Norman Cosmetic Studio; Mrs. J. O. Murphree, homemaker; Charles Alberthal, manager of Winn's; Luther Haught, manager of Thrif-Tee Food Market and Rebecca Server, junior student. To serve a third year as members of the Council are Miss Mary E. Esco, Mrs. John H. Steele and Frank Meyner.

At the first meeting Haught was elected chairman and Mrs. Murphree was elected secretary. Also the Council reviewed training plans for the Home Economics Cooperative Education students.

The purpose of the Advisory Council is to make recommendations for the improvement of the Homemaking Education program, aid in publicizing and promotion of plans, assist in evaluation of the program, and provide general advice as needed.

The next meeting will be in January. The council operates under the direction of Mrs. Pat Willoughby and Mrs. Joe Wayne Carter, Homemaking teachers.

Country Club Sets Labor Day Tourney

The Hamlin Country Club Labor Day Golf Tournament will include three groups, the men's division, women's division and junior division.

Entry fee will be \$5 each and trophies will be presented.

The junior division will be for 14 and under and 15 and over.

The men will start play at 10 a.m. and the other groups will begin at 2 p.m., according to John Poe, chairman.

Group Sets Appearance At Church

New Life Singers, a group composed of the Doye Day family of Jacksonville and the Scottie Stockton family of Athens will be appearing this weekend at the Church of the Nazarene.

They will be presenting musical programs at 7:30 p.m. Saturday and 10:45 a.m. and 6 p.m. on Sunday. Day will also give devotional messages.

Day is a public school teacher in Jacksonville. Stockton is a former lieutenant of the Abilene Police Department and presently a court reporter in Athens.

The singers have produced several records, according to the Rev. Marshall Stewart, local pastor. The public is invited to the special presentations.

Central Baptist Sets Revival

Evangelist Mickey Warlick of Seminole will be the speaker for a four day revival at Central Baptist Church. The revival will begin Sept. 2 and continue through Sept. 5.

Morning services will begin at 10:00 a.m. and evening services at 8:00 p.m. Theme for the revival is "Four Great Days."

Everyone is asked to make plans to attend and a cordial invitation is extended to everyone, according to the pastor, the Rev. Buster Grigg.

Mrs. Willie (Viola) Ails has just returned from a two week visit to Vancouver, Wash., with Mr. and Mrs. Raymond Ails and their niece, Pamela Ails, all of Rotan. The group visited in the home of a sister-in-law, Mr. and Mrs. Jesse King and Clay. They toured the Pacific Ocean and also Portland, Ore.

P-TA TRAFFIC CONTROL PROGRAM — The Hamlin Parent-Teacher Association, sponsors of a new traffic control program this year, will be using volunteers to man two intersections on the main highways that have to be crossed by students. Here students wait on North Central for traffic to be stopped by Mrs. Clarence Miller before crossing the street with her. The patrolled crossings are on North Central at Third Street and on West Lake

Drive at Avenue E. Members of the P-TA and the president, Mrs. Guy Weaver, are still working out plans for the operation of the program and are asking the cooperation of volunteers to help patrol the intersections mornings from 7:45 to 8:20 and from 2:30 to 3:00 and 3:30 to 4 in the afternoons. She also urges parents to instruct their children to cross at the designated crossings and follow the instructions of the patrol person.

HUNTIN' WATER?

There's a far better way to get water than with a divining rod or witching wand. Low-cost electricity from the Midwest Electric Cooperative produces water on demand. An electric pump or a water corporation can turn the trick for home use, for industry or irrigation. Electric Cooperatives brought electricity to the rural areas of Texas. Their dependable power and a reliable water supply are Helping Texas Grow.

"The Fastest Growing in the Big Country"

FROM THE FILES . . .

FIFTY YEARS AGO
(August 31, 1923)

To keep the "foreigners" who still love Hamlin informed, we are again telling about this wet country. Sunday afternoon, Sunday night and Monday morning a bountiful two inch rain fell, thus clinching like a nail the smaller rains of only a few days previous. Saturday the sun was extremely fierce and it looked like all hopes for favorable conditions for cotton and all kinds of fall growth were gone. Now the question of fall moisture and vegetation is settled.

On Thursday, Aug. 23, 1923, at the City Hall a number of ladies met to organize a Cemetery Association. Mrs. Gilbert being elected to act as Chairman of the meeting and Mrs. J. A. Young as secretary. Regular meeting time has been set for the first Sunday in each month, at 3 p.m. in the Methodist Church. The Association is planning much to be done and is urging everyone to attend the next meeting.

It has been formally announced from all the pulpits in Hamlin concerning the Revival Meeting. The Baptist Church, in conference, voted unanimously and enthusiastically to invite the hearty co-operation of all churches.

TWENTY YEARS AGO
(August 28, 1953)

New furniture for seven rooms at Hamlin Junior High School was arriving this week, according to school officials. The equipment, consisting of desks, tables, chairs and other fixtures, are being installed in rooms for the fifth and sixth grades. It is being provided with funds from the local maintenance funds, Superintendent I. R. Huchingson said.

Season football tickets for the Hamlin High School home games will go on sale Monday at the high school offices. The tickets will be sold for \$4.00, allowing a \$1.00 saving under the single game tickets that will be \$1.25 each. First of the four home games of the 10-game series for the 1953 season will be played September 11 against Winters. Six games away from home are on the Pied Piper slate for the season.

Two new wildcat oil ventures seven miles southwest of Hamlin hold the spotlight of oil interest in the area this week. If the ventures strike pay, they will open up a new production region. Eight other projects have been staked west of Hamlin and a reentry for deepening is included in operations on schedule.

The first musical event of the season will get underway Friday at 8 p.m. on the law in front of the Hamlin High School building, according to the musical director of the school.

Neinda Philosopher Risks Wrath of Housewives By Defending Egg Prices

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One defends the egg farmers this week, we guess you'd say.

Dear editor:

Take the price of eggs. As I understand it, when eggs jumped from the age-old price of 30 cents a dozen to a dollar housewives threw up their hands in horror. They denounced it on television, they wrote their Congressman, they said inflation has gone wild, they called it the straw that broke the camel's back, although personally I've never believed anybody could get that much straw on a camel and why would they try anyway and besides all the camels I've ever seen looked like they already had a broken back.

But I got to thinking, how much food is a dollar supposed to buy?

You scramble a dozen eggs and I guarantee they'll feed any three people you can name. You eat four scrambled eggs with a dime's worth of toast and

you've had a meal, at a cost of about 45 cents a person. Where else in the world can you get a meal for 45 cents?

Of course I'll admit that's a lot of eggs, but you can always vary the menu with a 39-cent bag of potato chips, two 16-cent soda waters or however your

Dinner Set

Mission No. Two of Oak Grove Baptist Church will sponsor a dinner Saturday at 6 p.m. in Fellowship Hall.

Fried chicken, fresh cream style corn, fresh black eyed peas, tossed salad, homemade rolls, cake and iced tea will be served. Plates are \$1.75 each.

Mrs. Tom Reed and daughters, Dana and Sharlyn of Lampasas visited in the home of her parents, Mr. and Mrs. Claude Crowley last week. Other visitors were a grandson, Jimmy Crowley and his maternal grandparents, Mr. and Mrs. March Baker and daughters, Debbie and Cara, all of Marshalltown, Iowa.

with 10,000 bass and 10,000 channel cat from the state hatchery in San Angelo. The finger length fish were equally distributed in both the South Lake and West Lake last Wednesday.

Entries must be in by 6 p.m. Aug. 23, for the City-Wide Tennis Tourney to be held Aug. 26. The fee will be \$2.00 for singles or doubles or \$3.50 for both. The three-day tournament is to be played under the lights at the high school courts. It will include both Ladies' and men's singles and doubles.

Mrs. Fred Dalby won first in the barrel race Saturday night with a time of 16 seconds flat. Mrs. Don Elmore and Mrs. Billy McIlwain tied for second. Family night is every Saturday night at 8 p.m. until school starts. Everyone is invited to attend.

The Hamlin Swimming Pool will close Friday at 7 p.m. for the season. The operators, Jerry Larned and Sam Walker, reported a good year at the pool. Many repairs were made and there was a good response to swimmers.

The Hamlin Volunteer Fire Department answered two fires this week. The local department is seeking additional volunteers to serve as firemen. Information may be secured from the fire chief, C. L. White.

history book for a test tomorrow?

We would like to offer a special thanks to Supt. Bob Hawes for all of his extra efforts in securing this program for Hamlin. It is quite an honor to be selected for this federal program and we hope that our children reap the benefits.

There are a number of fields that these pilot programs are being developed, but none in our way of thinking are as important as learning to read. Reading is the very basis for education and citizenship and if we can give our youngsters nothing else we at least will not have failed them.

Received a note this week from Miss Lennie Greenway who is secretary-treasurer of the Hamlin Cemetery Association and it seems that carelessness is costing the association a great deal of money that they do not have to spend.

She reports that some drivers have been running over hydrants which not only cost to be replaced but a great deal of water is being wasted.

She says this is happening in the late evenings mostly and she urges that you please drive more carefully.

fancy runs while you're in the grocery store and then carry it home in a \$4,000 car you used to buy for \$2,000.

To get off such serious matters, I just read an article saying the Postal Service has perfected a machine that'll sort and cancel 30,000 letters an hour and I got to thinking, if the Postal Service has Postmaster Crowley install one here in Hamlin I figure, if it's to be utilized properly, everybody will have to write about 500 letters a day to keep the machine going a full 8 hours. There's bound to be some other way around this problem.

Yours faithfully,
J.A.

Old Settlers Reunion Set

The Old Settlers Reunion at the Truby Community Center will be held Saturday, Aug. 25. Families are invited to bring guests and a basket lunch. Coffee and cold drinks will be served, according to the reunion committee.

**EVERYONE
HAS
PROBLEMS**

"Boy, take it from me, leading a dog's life ain't no bowl of cherries. It's always get offa this and that, and boy, what happened to me, when I turned over the lamp!"
Our life may not be a dog's life, but everyone does have problems and always will. God does not promise that even his good and faithful children would be without problems, but He does promise strength to bear our problems. Attend church Sunday, renew and strengthen your life by leaning on the Lord.

County Prepares for Adoption of Food Stamp Program By November 1

The first food stamps in Jones County will be issued Nov. 1. But before the statewide food stamp program is implemented here, there is much work to be done, according to William McKinney, food stamp program director, State Department of Public Welfare, Wichita Falls.

Commodities is the food assistance program currently operating in this county. The 62nd Texas Legislature appropriated \$7.7 million for a statewide food stamp program to replace all county food stamp programs and commodity food distributions.

Most commodity recipients should be eligible for food stamps also as well as others who might not receive commodity foods.

Certification for food stamp eligibility will begin at a later date. All persons who don't make much money or who are unemployed are encouraged to apply at that time.

Welfare recipients aren't the only ones who can qualify for food stamps, McKinney said.

Local issuance officers will sell the food stamps to all who are certified eligible to receive them.

Participating households will be able to buy their stamps at the issuance office nearest them and at their own convenience. The long waiting lines which are now a problem at commodity distribution centers should be eliminated.

Food stamps, which can be used for the purchase of most foods and food products, will be accepted by many of the local grocers. Payment is made by

tearing the necessary amount of food stamps from the coupon book at the time of purchase.

Tabacco, alcoholic beverages and imported items can not be purchased with food stamps.

Grocers can deposit food stamps just at they do money. Local bankers then send the stamps to the United States

Services Held Monday for Mrs. Burt, 92

Mrs. Ada Ann Burt, 92, widow of the late Dr. J. D. Burt of Farmersville, died at Holiday Lodge Saturday at 10:25 p.m. She had lived here since Aug. 1, 1966.

Funeral was held at 2 p.m. Monday at the Fielder-Baker Funeral Chapel in Farmersville.

The Rev. Woody Jackson, pastor of the Farmersville First Baptist Church officiated. Burial was in the IOOF Cemetery.

She was born Sept. 2, 1880, in Mansfield, daughter of the late Mr. and Mrs. William Herman Stahl. She and Dr. Burt were married Dec. 12, 1916, in Farmersville. He died Aug. 24, 1951.

She was a member of the Presbyterian Church.

Survivors include one daughter, Mrs. L. E. (Malindia Anne) Prewit of Hamlin; three grandchildren, Ken Prewit of Hamlin, E. Dee Prewit of Houston and Charles Prewit with the U. S. Army in Bangkok, Thailand; and six great-grandchildren.

Department of Agriculture for redemption.

The U.S.D.A., Food and Nutrition Service will conduct a meeting with all retail and wholesale grocery firms in Haskell, Stonewall, Jones and Knox Counties according to Carl Speegle, officer-in-charge of the Abilene and Wichita Falls field offices.

The purpose of the retail-wholesale grocery meeting at 7:30 p.m. Sept. 4 is to familiarize the business owner-managers with the procedures and public laws which they will be expected to abide by once they are authorized by the USDA to accept USDA Food Stamps.

Speegle encourages all retail grocers, bank representatives and Department of Texas Welfare personnel to attend this meeting. Retail information kits have been mailed to retailers.

The meeting will be in the District Court Room in Haskell. Food stamps are good for everyone, McKinney said. The community enjoys increased economic activity, new jobs are created and low-income households are able to eat more and better food, he added.

For more information about food stamps, contact the local welfare office at 1110 Court Plaza, Anson, he said.

Bill Johnson Gets Degree At McMurtry

Bill Johnson, son of Mr. and Mrs. W. T. Johnson, was one of 56 graduates to receive degrees at McMurtry College commencement exercises held Friday evening in Abilene.

He received a bachelor of business administration degree with a major in finance. He was a member of IHR Social Club while at McMurtry.

Johnson is employed by First State Bank in Abilene.

Mrs. Tom Routh returned home Saturday from Snyder where she attended the wedding of her granddaughter, Judith Kay Shelburne. Miss Shelburne married Ricky Montgomery on Friday evening, Aug. 10.

NEWS FROM . . .

Old Glory

By Bernice D. White

A community gathering and ice cream supper was held in the school cafeteria on Thursday night for Old Glory patrons to meet the new teachers and their families.

Old Glory has a new superintendent, Tom Alvis. He and his family moved here around July 1. Since that time a new principal, Bill McKee, and his family have moved here and also a new coach, A. L. Hunter and his family.

Mr. and Mrs. A. R. Sawyers spent the weekend in Olton visiting with her brother and wife, Mr. and Mrs. Homer Worley.

Visitors in the home of Mr. and Mrs. Beno Herttenberger on Monday of last week after the funeral of their brother-in-law, Curtis Wolsch of Rochester, included Jack and Eugene Gerloff of Lubbock, Katie Gerloff of Old Glory, Buford Wolsch and family of Vernon, R. J. Wolsch and family of Odessa, Ken Manard Wolsch and family of Rochester, Mrs. Opel Wolsch Hicks and family of Abilene, Mrs. Emma and T. L. Newman of Amarillo, Mr. and Mrs. Emil Herttenberger of Paducah, and Mrs. Pauline Fuqua of Stamford.

On Friday of last week Mr. and Mrs. Clovis Henderson, Sandra, Sammy and Shirley of Arkansas visited here with Mr. and Mrs. Beno Herttenberger.

On Aug. 17, Mrs. Herttenberger cooked a birthday dinner for their son Malcolm Herttenberger of Rule. He and his son Lane attended, also Mr. and Mrs. Roy Herttenberger of Aspermont.

Mr. and Mrs. Roy Wienke of Comfort were here over the weekend to attend the funeral of Mr. Lambert at Sagerton. They visited with Mr. and Mrs. Garrett Spitzer, Mrs. Katie Gerloff and were dinner guests in the home of Mr. and Mrs. Beno Herttenberger on Monday, along with Mrs. Gerloff, Jana and Julie Garner of Abilene spent several days here last week visiting in the home of their grandparents, Mr. and Mrs. Morris Garner.

Mrs. Fowler Gets Doctorate In Education

Mrs. L. R. (Nelva d'Orsay) Fowler received her doctorate in education at the Friday evening commencement at East Texas State University in Commerce.

Speaker for the occasion was His Excellency Ardeshir Zahedi, Iranian ambassador to the United States. He urged the 1018 graduating students to strive for a "creative peace" throughout the world.

Zahedi mentioned that Iran and the State of Texas have two things in common—wide open spaces and the task of supplying the energy needs of the world with petroleum.

The ambassador pointed out that the youth will inherit the leadership of the country. He said that the youth of Iran share much of the responsibilities for the development of Iran from a feudalistic nation to a modern nation in just two decades. He was awarded an honorary Doctor of Laws degree during the ceremonies.

STATE Capital NEWS

By BILL BOYKIN

AUSTIN — Dozens of logjammed major highway projects will move forward now that President Nixon has signed the three-year \$20 billion federal highway act.

In addition to funds for mass transit, the act also provides \$2 billion for safety projects.

State Highway Engineer Luther DeBerry said replacement of narrow bridges is high on the priority list. Hazardous intersections and rail crossings will also be eliminated as facilities are designed with modern built-in safety features.

"This act does not solve all our money problems, but even though it is not everything we need here in Texas, it is a good act," said DeBerry.

Highway trust revenues will remain as they have been in the past during fiscal 1974. Up to \$200 million in urban funds can be used either for roads or purchase of buses in fiscal 1975. By 1976, all or part of the urban funds may be used for highway buses or fixed rail transit with State Highway Department concurrence.

July highway bid lettings were cancelled due to shortage of federal funds. Although the federal act's passage will vital projects, DeBerry warned a backlog will remain. Texas has been financing some work with leftover money from previous acts of Congress and with state funds. Texas is among states which sends the federal government more tax revenue from gasoline and vehicle accessory sales taxes than is returned.

Interstate highway construction is financed with 90 percent highway trust fund money and other federal construction gets 70 percent aid. The new act provides money for bicycle trails and metropolitan transportation studies. It also permits building the San Antonio North Expressway with state funds (if lawsuits don't stop it again).

AG RULES — Youthful of-

fenders must be released from correctional institutions for delinquents when they reach 18, Atty. Gen. John Hill held.

In other opinions concerning the new 18-year-old majority rights law, Hill concluded:

Persons 18 years of age can no longer collect survivor's benefits as a result of death of fathers who are law enforcement officers or firemen.

Parents of retarded youths 18 and over are no longer obligated to pay cost of their care in state institutions.

Eligibility to run for office is extended to 18-year-olds, along with the obligation to serve on juries.

Parental consent is no longer necessary for boys 18 to obtain marriage licenses.

Students whose parents live out of state can qualify for resident tuition rates at Texas colleges and universities at age 18 if they meet the year's residency and gainful employment requirement.

Persons who are married, regardless of age, have the status of adults.

The late President Lyndon Johnson's birthday August 27 definitely replaces Jefferson Davis' birthday June 3 as an official state holiday.

State contributions to employees' insurance coverage can not exceed \$12.50 per month.

A new constitutional amendment providing tax exemptions for disabled veterans and their widows and surviving children is not effective without enabling legislation, and the legislation enacted in anticipation of the amendment's adoption is invalid.

OIL ALLOWABLE HELD AT 100 percent — For the 18th straight month, the Railroad Commission set the oil production allowable for September at 100 percent.

Meanwhile, Commission Chairman Jim Langdon warned the nation is facing a "very critical situation."

The Federal Power Com-

mission, said Langdon, is predicting an 18 percent reduction in energy fuels this winter as compared with 1972. FPC asked all states to survey winter requirements, supplies available and possible substitute fuels which will be needed to cope with shortages.

Texas' production rate has dropped 26,000 barrels a day, in spite of the 100 percent production allowable, Langdon said.

Exceptions to the 100 percent allowable are East Texas Field (86 percent); Kelly-Snyder (84 percent) and Tom O'Connor Field (70 percent).

CREDIT INSURANCE HEARING SET

The State Board of Insurance has scheduled a September 13 hearing on credit insurance rates.

A survey indicates the rates may be 20 percent too high, according to Board Chairman Joe Christie.

If this is true, said Christie, they must come down. Credit insurance is designed to insure payment of loans for installment plan purchases in event the borrower dies, becomes disabled or is otherwise unable to meet his payments.

It is not supposed to be a profit-making proposition for the seller or creditor, said Christie, but to provide

protection. Consumers in three-fifths of the other states pay lower premiums for the protection than Texans do, according to the regulatory agency head. Texans pay 75 cents per \$100 indebtedness per year for credit insurance.

RATES UP — New increased workmen's compensation insurance rates — up 19.5 percent to reflect increased benefits to workers killed or injured on the job — go into effect September 1.

The legislature increased benefits for injured workers from 60 percent of their regular weekly salaries to 66.7 percent, and raised the maximum weekly benefit from \$49 to \$63.

NEWS FROM...

Sylvester

By MRS R M BARR

Did you ever sit down to do something and didn't have any thing to do with? That is my problem today. I wish every one that knows any news would give me a call.

Bro. T. O. Upshaw filled the pulpit of the Baptist Church on Sunday.

Mrs. Maggie Wilder and her granddaughter, Debbie Wilder of Dallas have been visiting for the past week or so.

Singers of the Sylvester community and surrounding communities got together and sang at the Fisher Co. Nursing Home and Leisure Lodge in Rotan. They were enjoyed very much at each place.

Mr. and Mrs. J. P. Maberry drove to Irving this past weekend for a visit with the Wesley Maberry family.

Mr. and Mrs. W. B. Brown visited the weekend in the Max Deel home in Levelland.

Mrs. Martha Hood and Miss Pearl Johnson are both back in Hamlin Hospital at this time. Hope both will soon be home. Martha Ann Taylor of Ft. Worth visited this past week with her parents, the Milo

Grays. Glenna Turner spent the weekend in Odessa visiting her daughters.

It is very quiet as the youngsters are all in school beginning this Monday morning. Kinda hot to sit in a class room but they aren't like the school rooms we had these are air conditioned which is wonderful. My goodness, guess I had better not start thinking about my school days, that was away back yonder!!!

Texas business activity declined three percent in June, partly in response to a sharp cutback in plans for new construction.

THE FAMILY LAWYER

Yellow Houses Only

Developers of a new suburban neighborhood thought it would look nice if all the houses were painted yellow. Accordingly, in selling lots, they included a "yellow only" requirement in each deed.

But after a number of homes had gone up, one incoming family decided they liked green better. The developers refused to allow any deviation, and, in due course, the dispute landed in the courtroom.

"This kind of restriction," the family argued, "is an unlawful interference with our personal liberty. We have a right to follow our own tastes."

However, the court held they would have to stay with yellow whether they liked it or not. The court said the requirement was a reasonable means to a reasonable end—to benefit the community as a whole.

It is common, in developing a neighborhood, to impose deed restrictions of one kind or another. They may cover anything from the size of houses to the height of hedges, from the style of architecture to the type of fencing.

And, by and large, the law will enforce these restrictions. Although they reduce the rights of the purchaser, they do so on the basis of a lawful contract, freely entered into, at the time of original sale.

True, some restrictions may be unenforceable for reasons of overriding public policy. The leading example is the racial restriction, now outlawed everywhere. Furthermore, a restriction valid at first may gradually lose its validity as the neighborhood changes. Say a dozen home owners in the "yellow only" neighborhood had been allowed to get away with different colors. At that point, even if the developers suddenly decided to crack down, a court would probably refuse to enforce the restriction. As one judge put it:

"Restrictions will not be enforced where the character of the neighborhood has so changed as to defeat the original purpose of the plan."

McCauley Rites Held Thursday For Forbes, 79

Funeral service for Joe C. Forbes, 79, of Ringling, Ok., was held at 4 p.m. Thursday at McCauley Baptist Church. W. H. (Gene) Johnston, minister of the Hamlin Church of Christ officiated.

Mr. Forbes, a resident of Ringling for five years, died at 3:30 p.m. Tuesday at Ardmore (Ok.) Memorial Hospital.

He was a retired farmer and janitor. He was born Mar. 14, 1884, in Mineola, son of the late Mr. and Mrs. Joe A. Forbes.

He married Barbara Strand at Grand Saline in 1906. She preceded him in death.

He was a member of the Church of Christ.

Burial was in McCauley Cemetery conducted by McCoy Funeral Home.

Survivors include five sons, E. D. of McCauley, J. W. of Longworth, W. O. of Athens, O. J. of Dallas and Ray of Darrouzett; three daughters, Mrs. Mary Potts of Huntsville, Ala., Mrs. Bessie Martin of Ringling, and Mrs. Eva Hunter of Tampa, Fla.; one brother, Isaac of Point; 29 grandchildren and 44 great-grandchildren.

Pallbearers were Lanon Hicks, Bud Gipson, Roy Williams, Pratt Cox, Alvis Bond and Huie Parker.

OEO Grant Announced For Area

Governor Dolph Briscoe announced Friday approval of a \$6,232 Office of Economic Opportunity grant to Aspermont-Small Business Development Center, Inc. for providing economic development assistance to 17 rural counties.

Funded under Title II of the Economic Opportunity Act, the grant is effective Oct. 1, 1973, through Nov. 30, 1973.

Governor Briscoe said the grant will enable the agency to provide economic development assistance to small business projects in 17 rural counties. Counties included are Donley, Briscoe, Hall, Childress, Motley, Cottle, Foard, Hardeman, Wilbarger, Knox, King, Haskell, Jones, Fisher, Kent, Dickens and Stonewall. Projects in other counties are assisted upon request by the Small Business Administration in Lubbock.

Specific assistance provided through the program includes organization of industrial foundations and community development corporations, provision of information on various federal programs, and assistance in completing small business loan applications, Governor Briscoe said.

Grant processing for the state was performed by the Texas Office of Economic Opportunity, a division of the Texas Department of Community Affairs.

DECEPTIVE PRACTICES AIRED — State Insurance Board will follow a practice of publicizing names of insurance companies and individuals cited for unfair competition and unfair or deceptive practices.

Board Chairman Joe Christie, meanwhile, announced eight cease and desist orders issued against firms or individuals in San Antonio, Dallas, Fort Worth, Abilene, Austin, Denton and Atlanta, Ga. for misleading advertisements or sales presentations.

The Board also announced plans to hire a consultant to examine its operations and help make them more effective and efficient. It plans to issue guidelines next month on establishment of Health Maintenance Organizations which provide medical service coverage at fixed fees.
